Warren County Historical Society

## Membership Application

**Children** love the Warren County History Center. They visit our museum with their parents and grandparents, scout troops or school groups and always we are thrilled to see how much they enjoy the experience. Anyone living in the area with school age children will find a membership in the Warren County Historical Society is a great way to inspire young minds to learn.

**A young mother** stopped in the museum this summer with her two children. The family is new to the area and had joined the Warren County Historical Society because the children had moved here in the middle of the school year and missed the two weeks of Ohio history offered in Lebanon' schools.

*"It's so great having a membership here" she declared, "I can bring the kids here as often as I like and each time we find something we missed the time before."*

The author, philosopher and poet George Santayana once said, **"A child educated only at school is an uneducated child."** We agree with him whole heartedly and are proud to be part of one of the finest local history museums in the country where families can expand their knowledge of the world around them and hopefully gain inspiration in their own lives from the people they "meet" from our history.

George Santayana also said, **"Those who cannot remember the past are condemned to repeat it."**
